2020 Accountability Overview

TEXAS EDUCATION AGENCY
GOVERNANCE AND ACCOUNTABILITY
PERFORMANCE REPORTING

House Bill 22, 85th Texas Legislature

The commissioner shall evaluate school district and campus performance and assign each district and campus an overall performance rating of

A, B, C, D, or **F**

A = Exemplary Performance

B = Recognized Performance

C = Acceptable Performance

D = In Need of Improvement

F = Unacceptable Performance

Three Domains: Combining to Calculate Overall Rating

**Better of Achievement or Progress
70%**

30%

**Student
Achievement**

**School
Progress**

**Closing
the Gaps**

**Student
Achievement**

**School
Progress**

**Closing
the Gaps**

Elementary/Middle Schools

- STAAR

Weight

100%

High Schools, K–12, and Districts

- STAAR
- College, Career, and Military Readiness (CCMR)
- Graduation Rate

40%

40%

20%

College Ready

- Meet criteria of 3 on AP or 4 on IB examinations
- Meet TSI criteria (SAT/ACT/TSIA/college prep course) in reading and mathematics
- Complete a course for dual credit (9 hours or more in any subject or 3 hours or more in ELAR/mathematics)
- Earn an associate degree
- Complete an OnRamps course in any subject for college credit

Military Ready

Enlist in the US armed forces

Career Ready

- Earn an industry-based certification
- CTE coherent sequence coursework completion and credit aligned with approved industry-based certifications (one-half point credit)
- Graduate with completed IEP and workforce readiness (graduation type codes 04, 05, 54, or 55)
- Earn a Level I or Level II certificate
- Graduate under an advanced degree plan and be identified as a current special education student

Student
Achievement

School
Progress

Closing
the Gaps

Part A: Academic Growth

Part B: Relative Performance

Elementary, Middle, High Schools, K–12, and Districts

- The higher scaled score of Part A: Academic Growth or Part B: Relative Performance is used for the School Progress domain rating.

Part A: Academic Growth

Part B: Relative Performance

Part A: Academic Growth

- School Progress, Part A: Academic Growth includes all assessments with a STAAR progress measure. Districts and campuses (including high schools) earn credit for results that maintain performance or meet growth expectations on STAAR.

Academic Growth: Measuring Student Progress

STAAR

Current Year

Previous Year

	Did Not Meet Grade Level	Approaches Grade Level	Meets Grade Level	Masters Grade Level
Did Not Meet Grade Level	Met/Exceeded Growth Measure = 1 pt Did not meet = 0 pts	Met/Exceeded Growth Measure = 1 pt Did not meet = .5 pts	1 pt	1 pt
Approaches Grade Level	Met/Exceeded Growth Measure = 1 pt Did not meet = 0 pts	Met/Exceeded Growth Measure = 1 pt Did not meet = .5 pts	1 pt	1 pt
Meets Grade Level	0 pts	0 pts	Met/Exceeded Growth Measure = 1 pt Did not meet = .5 pts	1 pt
Masters Grade Level	0 pts	0 pts	0 pts	1 pt

Part A: Academic Growth

Part B: Relative Performance

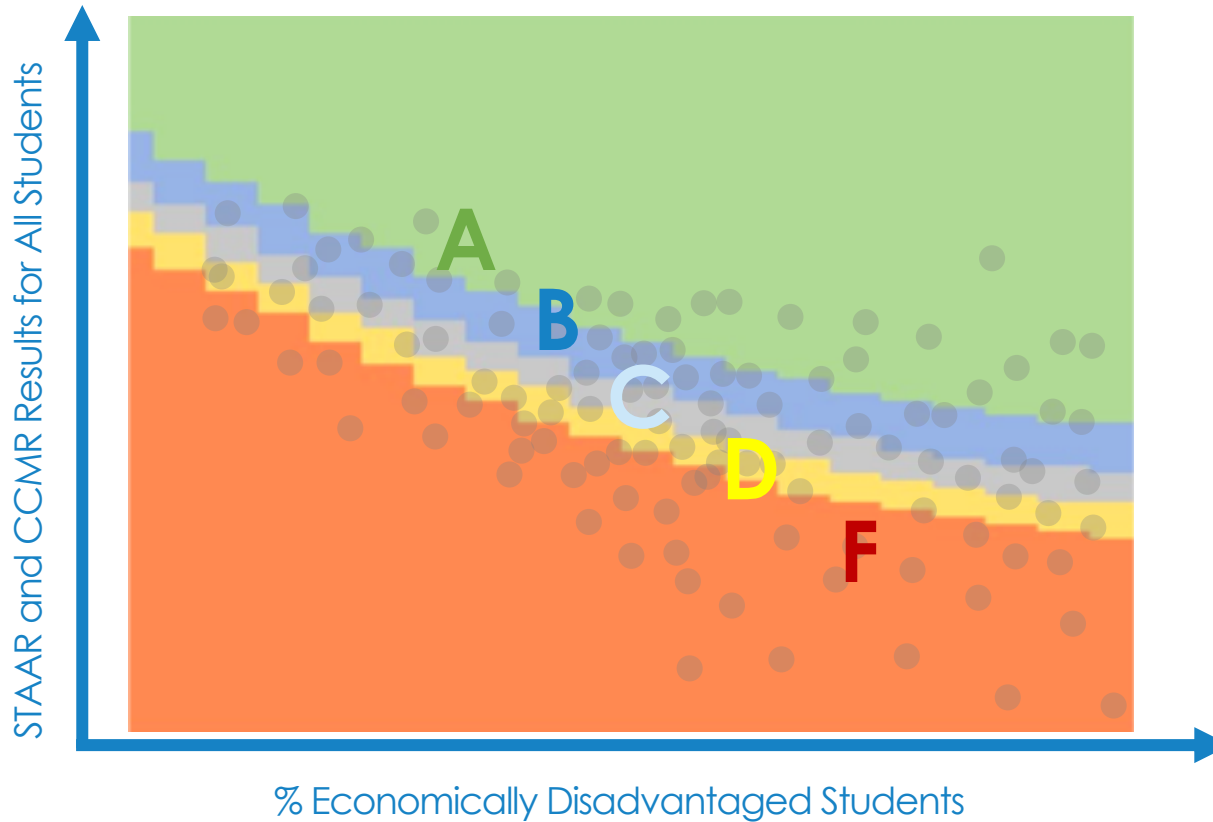

Part B: Relative Performance

- School Progress, Part B: Relative Performance evaluates the achievement of all students relative to districts or campuses with similar socioeconomic statuses.

Relative Performance: Measuring School Progress

Higher Levels
of Student
Achievement

Includes STAAR and CCMR for districts and campuses that have that data

Student
Achievement

School
Progress

Closing
the Gaps

Closing the Gaps Domain: Student Groups

Race/Ethnicity

Special Education

**Continuously Enrolled
and Mobile**

**English
Learners (ELs)**

**Economically
Disadvantaged**

Student Groups

- All Students
- African American
- Hispanic
- White
- American Indian
- Asian
- Pacific Islander
- Two or More Races
- Economically Disadvantaged
- Current Special Education
- Former Special Education
- Current and Monitored English Learners
- Continuously Enrolled
- Not Continuously Enrolled

Components

- Academic Achievement in Reading and Mathematics (at Meets Grade Level or above)
- Growth in Reading and Mathematics (Elementary and Middle Schools)
- Four-Year Federal Graduation Rate (High Schools, K–12, and Districts)
- College, Career, and Military Readiness (High Schools, K–12, and Districts)
- Student Achievement Domain Score: STAAR Component Only (Elementary and Middle Schools)
- English Language Proficiency Status

Closing the Gaps Domain: Calculating a Rating

Student Group

Achievement Target

**% of Student Groups
that Meet Target**

**Overall
Domain
Grade**

Calculating an Overall Rating

**Better of Achievement or Progress
70%**

30%

**Student
Achievement**

**School
Progress**

**Closing
the Gaps**

Calculating an Overall Rating: Weighting

- *Step 1:* Determine the better outcome of the Student Achievement and the School Progress domain scaled scores.
- *Step 2:* Weight the better outcome of the Student Achievement or the School Progress domain scaled score at 70 percent.
- *Step 3:* Weight the Closing the Gaps domain scaled score at 30 percent.
- *Step 4:* Total the weighted outcome of the two scaled scores to calculate the overall score.

Calculating an Overall Rating: Example

Scaled scores were created to align letter grades and scores used in the A–F academic accountability system with the common conception of letter grades.

Domain	Scaled Score	Better of School Progress Part A or Part B	Better of Student Achievement or School Progress	Weight	Weighted Points
Student Achievement	89		89	70%	62.3
School Progress, Part A	84	84			
School Progress, Part B	72				
Closing the Gaps	81			30%	24.3
Overall Score					87
2019 Overall Rating					B

- Districts and campuses that receive an accountability rating of A, B, C, or D are eligible to earn distinction designations.
- Distinction designations are awarded for achievement in several areas and are based on performance relative to a group of campuses of similar type, size, grade span, and student demographics.

- Academic Achievement in English Language Arts/Reading (campus only)
- Academic Achievement in Mathematics (campus only)
- Academic Achievement in Science (campus only)
- Academic Achievement in Social Studies (campus only)
- Top 25 Percent: Comparative Academic Growth (campus only)
- Top 25 Percent: Comparative Closing the Gaps (campus only)
- Postsecondary Readiness (district and campus)

Which students are included in accountability rating calculations?

The accountability subset rule is used to determine which results are included in district and campus accountability calculations.

The calculation includes only assessment results for students enrolled in the district or campus in the previous fall and on testing day.

Which assessment administrations will be used for 2020 accountability ratings?

2020 Accountability Cycle		
Summer 2019	Fall 2019	Spring 2020

College Credits

ADVANCED PLACEMENT (AP) ADVANTAGES & LIMITATIONS

ADVANTAGES	POSSIBLE LIMITATIONS
------------	----------------------

DUAL CREDIT ADVANTAGES & LIMITATIONS

ADVANTAGES	POSSIBLE LIMITATIONS
Exposure to college courses often taught on a college campus	Students may not be able to transfer their credit to an out-of-state college
College credit is awarded on successful completion of course requirements	Students must meet college basic skills assessment requirements or achieve a qualifying score on an equivalent test
Early college admission	Students may be subject to college tuition and fees
Enhanced course transferability	Students may need to travel to a college campus

DUAL ENROLLMENT ADVANTAGES & LIMITATIONS

ADVANTAGES	POSSIBLE LIMITATIONS
------------	----------------------

Comparing College Credit Programs

	AP	ATC	Dual Credit	CLEP	IB
How to participate	In the fall, high schools indicate intent to participate by offering courses identified for statewide articulation and by faculty participation in state-required professional development. Students enroll in AP courses offered by a participating high school.	High schools elect to participate by offering courses identified for statewide articulation and by faculty participation in state-required professional development. Students enroll in specific courses offered by a high school participating in the ATC Program.	High school students enroll as an early admission student in a participating institution of higher education to earn college credit. College-level courses may be taken on the college or university campus, or the course may be offered at the high school.	Students can take College Board CLEP examinations in high school or college. If their college uses a proprietary departmental examination, students should contact the appropriate college or university department or testing center after enrolling at the school.	Students enroll in IB high school courses offered by a school participating in the International Baccalaureate Program.
Tuition and fees	AP exam fees are \$90 and fee reduction credits are available. The State of Texas funds a fee subsidy for low-income students. Although colleges may charge a fee to transcript credit, no college tuition is required.	Although colleges may charge a fee to transcript credit, no college tuition is required.	Student is subject to all applicable college tuition and fees. The student's school may pay tuition or institutions of higher education may waive tuition.	CLEP exam fees are \$80 and local colleges may charge an additional service fee. Colleges and universities may charge for local examinations and may charge a fee to transcript credit.	IB exams are more expensive. There is a \$140 registration fee each year plus a \$110 fee per exam.

TEXAS ONCOURSE U.S. Bureau of Labor Statistics, 2017; (Today's Military, 2017, Career)

MS Curriculum Guide

Postsecondary Options

Lesson 2.5: Postsecondary Options

Lesson Overview

This lesson is designed to begin the conversation surrounding postsecondary options for middle school students. They will research their options and open their understanding of options such as a two-year college, military training, or internships.

Instructional Objectives

College and Career Readiness TEKS

§127.26(3) – The student investigates the professional skills needed for college and career success. The student is expected to:

- (C) investigate the steps required to participate in a variety of career and educational opportunities, including, but not limited to, entry-level employment, military service, apprenticeships, community and technical colleges, and universities.

§127.26(3) – The student explores career assessments as related to college and career planning. The student is expected to:

- (E) research educational options and requirements using available resources.

Time Required

2 class periods

Materials Required

For each student:

- Paper
- Pencil/pen

For the classroom:

- Computer lab access or one laptop for every one or two students
- Internet access

Procedures

1. Write the word “college” on the board. Have students write a reflection:
 - a. When you think of “college,” describe what you see.
 - b. Write about the messages you have received about college from sources such as media, friends, or family.
2. Have students share and discuss their answers with a partner.
3. Have the students take notes on these four categories (see the handouts following this lesson for options to display and help students set up their paper):
 - a. On-the-job training
 - b. Military experience
 - c. Two-year college
 - d. Four-year college
4. Have students use computers to define the category and investigate the opportunities available in their area based on the category of the card.
5. Ask students to share what they have learned with a brief, informal presentation.

Closure

Complete discussion with a ticket out the door using the following questions:

- How has your idea of postsecondary learning changed?
- Has this change made an impact on your plans after high school?

Extension Activity

Investigate the opportunities across Texas and in the United States using C-Net.Online (www.cnetonline.org/), OwnYourFuture (www.ownyourfuture.com/), or the [Texas Workforce Commission](http://TexasWorkforceCommission) (www.twc.texas.gov/) websites.

MS Curriculum Guide

Roadmap Checklist

Lesson 2.6: Roadmap Checklist

Lesson Overview

Students will identify, research, and take notes over the roadmap to college on the Texas OnCourse MapMyGrad resources.

Instructional Objectives

College and Career Readiness TEKS

§127.3(c)(2) – The student analyzes college and career opportunities. The student is expected to:

(D) discuss the impact of effective college and career planning.

§127.3(c)(3) – The student evaluates skills for personal success. The student is expected to:

(B) use problem-solving models and critical-thinking skills to make informed decisions;

Time Required

2 class periods

Materials Required

For each student:

- Roadmap Checklist handout (following this lesson)

For the class:

- Computer lab access or one laptop for every one or two students
- Internet access

Procedures

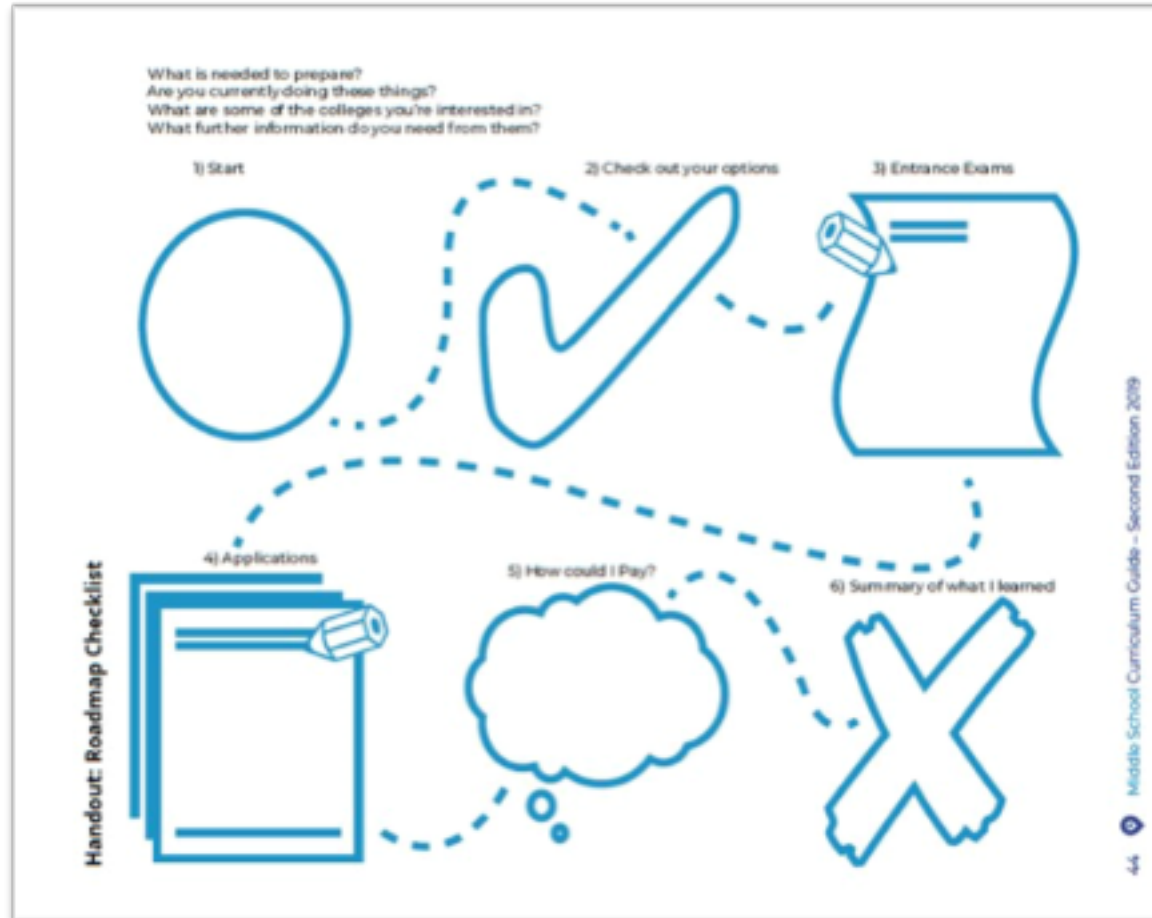

Students will work in pairs or individually to take notes over the roadmap to college, at [MapMyGrad](http://www.mapmygrad.org) (www.mapmygrad.org) under Find Your Path. Students will be guided using the Roadmap Checklist.

Closure

Ticket out the door. Have the students reflect on these questions:

- What concerns or misconceptions were you able to resolve?
- Did any new questions or concerns arise?

Discuss the answers to these questions in the next session if you see a common theme and need to clarify any misconceptions.

District and Campus Accountability

Best Practices

- Campus staff should be well versed in accountability measurement
- Administrators help build the culture to support college, career, and military readiness for all students
- Texas OnCourse can enhance skills in these areas for all staff
- Training ensures high-quality postsecondary planning

Impacting CCMR Indicators

Middle School

- Meet state mandates on postsecondary instruction in seventh and eighth grade
- Time and instruction for course registration
- Implement Texas OnCourse Middle School Curriculum Guide

High School

- Increase and support academic rigor with quality advising
- Develop quality career and CTE sequences
- Partner with institutions of higher education to provide college course options
